<b>Coastal room</b>	*	*	*	*

**Learning objective: To introduce pupils to coastal erosion and sea defences.**

**Description:** This interactive session introduces students to coastal erosion and sea defences. The students investigate the sea defences in place at castle cove by examining a model. They then build their own beach with sea defences.

AIMS	FIELDWORK	SAFETY
<ul style="list-style-type: none"> <li>• To understand the process of erosion on a coast line</li> <li>• To recognise different coastal protection and why they are in place</li> <li>• <b>Keywords:</b> Geology, erosion, coastal protection.</li> </ul>	<ul style="list-style-type: none"> <li>• Design and build a model coast with sea defences.</li> </ul>	<ul style="list-style-type: none"> <li>• Students will understand not to damage equipment.</li> </ul>
